

e-Recycling Program Launched

In 2021, CEO Domenico Fornaro announced the company's commitment to the environment and customer confidential information. 63 customers took advantage of the program with recycling 7,087 pounds or 3.54 tons.

2021

Program Takes A Load Off

In 2022, members and customers contributed to 22,181 pounds or 11.09 tons of electronics collected for recycling. This year proved to highlight the importance of the program for our customers.

2022

Weighs in with New Record

In 2023, Mosaic Technologies reports 238 members and customers utilized the e-Recycling Program, collecting 22,005 pounds or 11 tons of electronics.

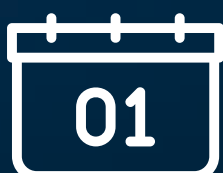

2023

3 Years of Collection

Mosaic Technologies has collected over 25 tons of electronics (the weight of a humpback whale) and safely recycled them in partnership with First Choice of Eau Claire serving 524 members and customers.

Today

Customers: visit Mosaic Technologies headquarters in Cameron Wisconsin on the 1st Wednesday of the month to e-Recycle your electronics safely and securely for FREE!
